“King Alfred’s Trail “

Grade Moderate

We give you location grid references and easy questions to answer. All you have to do is walk the trail, collect all the answers and send them to peter@geotrailing.com. All correct answers qualify for an entry to our free prize draw, held every month.

A gentle 5km walk round this interesting city, you can start and finish at the Park and Ride on the outskirts of Winchester (G/R SU 488/282). Winchester is an unspoilt cathedral city on the edge of the South Downs, once England’s ancient capital and former seat of King Alfred the Great, it manages to combine the best of city life, interesting architecture, with the freshness of the surrounding countryside. This is England, as it ought to be!

Using a GPS on a Geotrail

Enter your grid reference as a waypoint on your GPS, Name and save. Locate the grid reference on your map. Ask your GPS to GOTO. Remember a GPS will only give you a straight line bearing to your destination; you will need to refer to your map, use footpaths on the ground and contour.
