“High above Buttermere “

Grade Hard

We give you location grid references and easy questions to answer. All you have to do is walk the trail, collect all the answers and send them to peter@geotrailing.com. All correct answers qualify for an entry to our free prize draw, held every month.

Our trail commences in the village of Buttermere; there is parking at G/R NY 173/169. Use O/S Leisure Map No 4, here is a real challenge with a promenade high along the lakes western ridge a real tonic, then a descent to the calm tranquillity of the lakeshore. From High Fells to serene beauty what else could you want? The walk is 12KM with 869M of ascent and descent all on good paths.

Allow 5 hours Trail Contributor: Tony Warren.

Using a GPS on a Geotrail

Enter your grid reference as a waypoint on your GPS, Name and save. Locate the grid reference on your map. Ask your GPS to GOTO. Remember a GPS will only give you a straight line bearing to your destination; you will need to refer to your map, use footpaths on the ground and contour.
