“The Luss Round “

Grade Moderate Plus

We give you location grid references and easy questions to answer. All you have to do is walk the trail, collect all the answers and send them to peter@geotrailing.com. All correct answers qualify for an entry to our free prize draw, held every month.

Whether you take the high road or low road from the beautiful village of Luss, situated on the banks of Loch Lomond you can be sure this will be an interesting and testing day out, you will be in an area of outstanding beauty with spectacular views from the high ground, however this is also an area that retains its tranquillity, so you might not see another walker all day.

The trail is approx 12.5km with 770m of ascent all on reasonable paths – parking is available in Luss at NS 358/930 – trail submitted by Tony Warren

Using a GPS on a Geotrail

Enter your grid reference as a waypoint on your GPS, Name and save. Locate the grid reference on your map. Ask your GPS to GOTO. Remember a GPS will only give you a straight line bearing to your destination; you will need to refer to your map, use footpaths on the ground and contour.

NO	GRID REF	QUESTIONS
1	NS 35735/93072	Gifted by Whom?
2	NS 35692/93419	What modern day construction do you find here?
